PROTEST AGAINST BIG
RAISE PROPOSED**

More Than One Hundred Subscribers of Mayslick Exchange Sign Strong Protest Against Proposed Increase in Rental Rates.

Only a few days ago the Maysville Telephone Company notified their country subscribers that there would be an increase in rentals of from \$18 to \$30 per year. The announcement of the increase has brought a loud protest from the users of the telephones on this exchange and during the past few days those who are strongly opposed to the proposed increase have been active in canvassing the 'phone subscribers.

Today a petition bearing the signatures of more than one hundred subscribers was presented to the Telephone Company at their offices here in which the subscribing patrons informed the telephone company that if they persisted in the proposed increase in rate they would discontinue the service. This would mean cutting the subscription list of the Mayslick exchange more than half and it is more than likely that the telephone company will hearken to the petition and take up the matter with an idea to some agreeable adjustment.

The telephone company contends that they are compelled to receive a higher rental charge if they are enabled to maintain the service but the subscribers on the Mayslick exchange and the subscribers on the Maysville rural lines are loudly protesting that they should be made to bear the burden by paying such great increases over the present rate they are paying.

**PRISONER DISMISSED
ON PROSECUTION'S MOTION.**

Matt Washington, colored, indicted on a charge of larceny, was before the Circuit Court this afternoon. Washington was one of the three colored men arrested in connection with the picking of pockets at the Germantown Fair last fall. It developed that the man whose pocket was picked could not identify Washington as one of the men and on motion of the Commonwealth the defendant was dismissed. One of the other men will serve a term of two years in the penitentiary and the third forfeited his bond. This is the last jury case for the term and the petit jury was dismissed.

Mr. and Mrs. Ernie Ort, of Detroit, Mich., are spending a few days here with relatives and friends.

Three Thousand Dollars' Worth of Whisky Taken From Bromley Cellar By Smooth Crooks.

Two neatly dressed men representing themselves as government agents obtained twenty-one cases of whisky, valued at \$3,000, on Thursday night from the home of Harry Traylor, 329 West Second street, Bromley, Ky. Mr. Traylor is the owner of a soft drink establishment at Shelby and Pleasant streets, Bromley.

When Mrs. Traylor opened the door of her home to answer a ring of the bell she was confronted by two men, one tall and the other short, who showed her their badges and said: "We have Harry under arrest and have come for the evidence. Where is the whisky?"

By this time Mrs. Traylor's daughter had joined her. The demand of the men frightened both women so that they led the way to the cellar. The men carried out the twenty-one cases of whisky and loaded the moon a truck.

Shortly after the departure of the truck Mrs. Traylor went to her husband's place of business and was astonished to find him waiting on customers instead of being on his way to jail, as she has been led to believe by the statement of the false officers.

She told Mr. Traylor what had happened and he immediately thought the aid of peace officers in capturing the thieves, but the officers told him they were powerless to give aid under the circumstances.

DOVER MERCHANT DIES.

Mr. William McNutt, aged 66 years, who for many years was an active merchant of Dover, died at his home in that town Friday afternoon about 4 o'clock after an illness of several weeks. **1921 CUT-OUT IS
INDORSED BY THE
STATE GROWERS**

Hon. Stanley F. Reed Offers Resolution Adopted By Growers at Lexington Convention on Friday.

SUMMARY OF THE SITUATION.

The "tobacco situation" in the burley district seems to be about as set forth below.

This summary is the result of thoughtful expressions made by conservative men who are vitally and deeply interested in the tobacco industry.

1. Any hope that the banks can finance a cut-out of the 1921 crop is not founded upon sound business principles. Growers who depend upon the banks for support must be prepared now, as always, to furnish the banks with security worth 100 cents on the dollar.

2. A cut-out of the 1921 crop could not be made effective unless it had the unanimous support of the tobacco growers of Kentucky, Ohio and Indiana, and some assurances that there would be short crops in other parts of the world where tobacco can be produced.

3. Whether the warehouses remain open or suspend depends upon the prices which tobacco manufacturers are willing to pay for the tobacco brought to market.

4. The only way that prices can be fixed is to submit baskets and permit the market to take its course.

5. Many of the most extensive growers of burley tobacco in all of the counties are opposed to an effort to cut-out the 1921 crop. They believe that such a course would work great demoralization in the industry and be in the end of no substantial benefit.

6. Bankers, warehousemen and large land-owners, whose prosperity depends upon the prosperity of all, counsel caution and deliberation and against radicalism in any form.

7. Sets of resolutions and agreements entered into by specific groups cannot control the individual actions of thousands of men scattered over large areas in many states.

Two thousand tobacco growers, representing thirty-eight counties of the Burley district of Kentucky, Ohio, Indiana, in convention assembled at the Lexington Opera House went on record by an overwhelming majority for a complete cut-out of the 1921 Burley tobacco crop.

After adopting resolutions calling for the cut-out and requesting all warehouses in the Burley district to remain closed until May 1, the mass meeting selected ten committeemen to meet with bankers and warehousemen at 2 o'clock Friday afternoon at the office of J. C. Stone, president of the Lexington Warehousemen's Association, 620 South Broadway, and adjourned to reassemble in the Fayette circuit court room at 7 o'clock at night to hear the results of the afternoon conference of bankers, warehousemen and growers' representatives.

The proposal for a cut-out was one of a series of resolutions presented by Hon. Stanley F. Reed, former legislator from Mason county, who headed a strong delegation from that county, and after some scattering expressions as to the attitude of their constituents from a few of the delegations, was carried by a vote of thirty-five out of the thirty-eight counties represented. In the other three counties, the sentiment, it was reported, was divided, and they were "passed" in the final announcement of the vote.

Those counties voting for the cut-out were Anderson, Adair, Adams county, Ohio; Boone, Bourbon, Bath, Brown county, Ohio; Clark, Clermont county, Ohio; Carroll, Fayette, Fleming, Franklin county, Ind.; Grant, Gallatin, Green, Harrison, Henry, Mason, Mercer, Montgomery, Nicholas, Nelson, Owen, Oldham, Pendleton, Robertson, Trimble, Woodford, Kenton, Dearborn county, Ind.; Franklin, Hamilton county, Ohio; Jessamine, Lewis and Scott.

The counties of Bracken, Franklin and Campbell were passed. Madison, one of the big Burley producing counties of the state, was not represented and Garrard county cast a negative vote on the proposition but its spokesman stated that his county was for a curtailment of the crop and would be governed by the sentiment of the convention.

The announcement by the chairman that the cut-out proposition had carried by an overwhelming vote was greeted with tremendous applause, indicating that this action of the convention was a popular one.

**Dr. J. H. Samuel
Announces for Mayor**

To the Voters of Maysville:

An announcing my candidacy for Mayor because I believe the condition of municipal affairs warrants the deepest consideration of all voters of Maysville. Do not blindly cast your vote for Mayor, but confer with the business element and then keep in mind the interest and the welfare of Maysville and NOT the personal wishes of any candidate. The lessons of the past clearly reveal that to be successful in administering public affairs the intelligent citizens must work together—giving freely from their experience to promote the public good; consequently the affairs of the City should not be committed solely to the executive authority of one individual acting as Mayor. Questions of unlimited diversity will come up for solution and adjustment, and I claim that the Mayor should surround himself with an "Advisory Committee" of non-official citizens and that upon all questions that seriously affect the interests of the city, it should be his duty and pleasure to consult the "Advisory Committee" discussing carefully and freely the correct solution of the principles involved.

Within the past four years I have been twice honored by being elected presiding officer of the Board of Education. Every proposition that has arisen has always been discussed from every view point before reaching a final conclusion. For three years we have done what I term "TEAM-WORK" and my claim is that by this "TEAM-WORK" we have produced a school system of which Maysville should be justly proud. Before my inception into office there existed a most excellent system of schools; yet, despite the distracting and disorganizing effects of the last three years of social unrest and financial readjustments resulting from the world war, our schools have certainly continued to improve and function in increased usefulness to the city.

Should I be elected Mayor, I shall invite a certain number of citizens to become members of this non-official "Advisory Committee"; this selection will be made regardless of their political affiliation or religious belief, I shall knowingly invite Democrat and Republican, Catholic and Protestant, but only a citizen who is known to be under the tongue of good repute. I shall invite a citizen of this type even though I know he opposed my candidacy.

Endeavor to protect your City—vote for the interest and the welfare of Maysville and not for men. If you feel that another candidate for Mayor would be a safer official and more capable of administering the affairs of the City, then you ought not vote for me; however, if you have reason to believe that my record in school affairs has demonstrated an administrative ability not only as to financial matters but in the faculty of working harmoniously with a group of intelligent men in a manner that has stimulated the continued advance of our system of schools, then, why would not that same type of ability assure the healthful growth of Maysville?

If you accept the above statements as true and approve of them, then I claim that you should hesitate before opposing my race for Mayor.

Respectfully submitted,

J. H. SAMUEL.

Bankers, Warehousemen and Growers Want to Meet Manufacturers At Lexington Next Week.

Lexington, Jan. 8.—A conference with manufacturers to determine if the buyers will cooperate with warehousemen, bankers and growers to avert a total suspension of loose leaf sales until May and a cutout of the 1921 crop, was decided upon by warehousemen and financial interests of the Burley region in star chamber session here Friday afternoon.

A committee of 12, composed of representatives of the warehousemen, bankers, Burley Association and the growers' convention which assembled here Friday, will ask the "Big Four" tobacco companies, which are Liggett & Myers, American Tobacco Company, Lorillard and R. J. Reynolds Tobacco Company, why prices offered for Burley are so low, what concessions they are willing to make to relieve the situation, what instructions the buyers' agents are acting under, and if they want sales discontinued and the next crop cut out.

Percival Hill, C. C. Dula, T. J. Maloney and Will Reynolds, presidents respectively of the American, Liggett & Myers, P. Lorillard and R. J. Reynolds Companies were telegraphed last night by the committee and asked to attend a conference in Lexington next Wednesday night. A report of the conference will be given at a meeting of the respective organizations represented Thursday morning. Pending the report of the committee warehousemen of the region were asked by the body to remain closed until Monday, January 11.

The men who will meet spokesmen of the "Big Four" are John W. Newman, Versailles; A. F. Shouse, Lexington, and C. M. Dean, Carrollton, of the Burley Association; Judge Henry Prewitt, Mt. Sterling; Stanley Reed, Maysville, and Frank McKee, Versailles, representatives designated by the cutout convention; Dr. Samuel H. Halley, Lexington; C. C. Patrick, Lexington, and John Collins, Paris, warehousemen; J. N. Kehoe, Maysville, George A. Bain, Lexington, and W. H. Shanks, Standford, bankers.

One hundred and seventy-five bankers and warehousemen of New York, Kentucky, Ohio and Indiana, representing 35 Burley tobacco markets in three states, attended the local session, which was held in the office of James C. Stone, president of the Lexington Warehousemen's Association, following the adjournment of the growers' convention, Friday morning.

**THRIFT WEEK IS
PROCLAIMED BY
GOV. MORROW**

Governor Morrow Asks State to Observe Franklin's Birthday As the Beginning of Thrift Week.

Lexington, Jan. 8.—Governor Edwin P. Morrow has issued the following proclamation: "Whereas the 17th of January marks day of the birth of Benjamin Franklin, who, by precept and example, became America's Apostle of Thrift, and

"Whereas the Young Men's Christian Association, with the support and co-operation of the Treasury Department of the United States and many commercial, civic and educational organizations, has set apart Benjamin Franklin's birthday as National Thrift Day and has planned for the observance of the week January 17 to 23 as National Thrift Week, designed to stimulate the individual to think straight and act wisely in regard to money matters in the realms of earning, spending, saving, investing, and giving, and

"Whereas it behooves every citizen to take serious thought to lessen extravagance and waste in order to strengthen the character of our citizenship and that they may be built up a more stable, prosperous, and truly American population, and

"Whereas the economic educational program of National Thrift Week is well devised to foster these desirable conditions by increasing the knowledge and practice of a broad conception of thrift—a thrift, not only economic but also social, educational, physical and religious,

"Now, therefore, I, Edwin P. Morrow, Governor of the State of Kentucky by virtue of the authority vested in me, hereby designate the week of January 17 to 23, inclusive, as National Thrift Week, and do earnestly recommend to all officers of this state, the mayors, the county officials, superintendents and teachers of our public schools, ministers and priests of our churches, and upon each and every citizen, business establishment, industrial plants, trade, civic or other organizations, and all employees or members thereof to exert every effort, individually and through their local Thrift Committees, to make National Thrift Week a period of constructive thought and action and of economic planning for everyone within their several communities.

"Given under my hand, the great seal of the state, at the city of Frankfort, this 3rd day of January, in the year of our Lord 1921.

"EDWIN P. MORROW,
"Governor."

OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

BOURBONS NEVER LEARN.

In accordance with their usual custom, some of the most radical of the Democratic free trade papers are raising the cry that the Republicans propose to prevent other nations from shipping to us goods in exchange for those which we ship to them. They picture the impossibility of one nation being a perpetual seller of goods without ever being a buyer. Of course, if it were true that such a scheme of tariff legislation were proposed by the Republicans, the criticism would be well founded, but there is not now and never has been an intention on the part of Republicans to adopt a tariff policy which shall be prohibitive. It is true that the rates of import duty proposed in the pending legislation appear to be high, but this measure is not proposed as a permanent tariff law. The rates are proposed merely to meet an emergency and to continue only until such time as Congress shall have opportunity to study the situation carefully and determine the rates which should be permanently imposed.

The Republican Party has never stood for the absolute exclusion of foreign imports. It has never advocated an absolute monopoly of the American market by the American producer. Statements to such an effect by the Democratic press are intended to mislead and not to shed light upon the discussion of the tariff question.

Republicans have insisted in the past and they insist today that there shall be enacted and maintained a tariff law which shall impose import duties at least equal to the difference in cost of production here and abroad, so that the American producer shall at least have an equal opportunity with his foreign competitor in his home market.

What constitutes equality must, of course, be subject to difference of opinion. President Wilson argued for free trade and based his argument upon the assertion that American producers must enter into full competition no twits with their foreign rivals. It was his idea that free trade would constitute equality.

From the Republican viewpoint free trade would not be equality

but would place the American producer at a disadvantage because of the higher standards of living, the higher wages, and the higher costs of production obtaining in this country.

The American producer ought not be placed on an absolute equality with the foreign producer who is willing to work longer hours, wear poorer clothes, eat coarser food and live in less desirable quarters than those desired by the American.

Relative equality can be secured only by imposing upon the importation of the foreign product a tax which shall represent approximately the difference in American and foreign standards. With such duties imposed and economic equality established, it will then be proper to call upon the American producer to enter into a contest of wits with his foreign rival.

MANY YOUNGSTERS IN AGRICULTURAL CLUBS IN STATE

Over Four Thousand Boys and Girls
in Agricultural Clubs Through-
out Kentucky, Report
Shows.

Approximately 4,000 Kentucky youngsters, ranging in age from 10 to 18 years, were enrolled in boys' and girls' club work during 1920 and produced agricultural products valued at \$135,500, according to an annual report made by C. W. Buckler, of the College of Agriculture, University of Kentucky, and state leader of the work. More than 40 per cent, or 1,634 of the 3,992 enrolled, carried their projects to completion and submitted reports of the results of their work.

Different lines of work were offered to the youngsters including pigs, sheep, beef cattle, dairy cattle, poultry, corn, white potatoes and sweet potatoes, tobacco and soy beans. Approximately 600 of the club members were negroes. The report does not include the results obtained by girls who were enrolled in cooking, baking and canning clubs.

All products were classified under crops or animals the former division claiming \$30,103 in actual value and the latter \$49,921. Products not reported by the club members but appraised by the county agents and club workers were given a total value of \$55,476. Of this sum \$24,833 was given to crops and \$30,593 to live stock.

Poultry proved to be the leading fowl project. 1,215 youngsters being enrolled in this branch and receiving premiums valued at \$1,029 which was more than the value of all other premiums combined. The actual value of poultry products reported was \$10,294. Corn was the leading crop project, 824 boys and girls being enrolled in producing it. Of the \$328 which was offered in premiums for all crop projects \$272 was awarded to young corn growers.

Three divisions were made in the pig work, projects being provided in fattening, growing and sow and litter work. The respective values of products as reported under these three divisions were \$7,127, \$12,605 and \$7,825. Sheep products were valued at \$521, fattened beef cattle at \$576 and growing cattle at \$630. Dairy calves grown were valued at \$3,146. Pigs grown were valued at \$2,526, sweet potatoes, \$15; tobacco, \$2,412, soy beans \$118 and miscellaneous products \$25.

Blood Builder.

In your boy are two gallons (more or less) of blood, which is constantly at work keeping your system free of germs, removing the waste tissues, and building up new strength in bone and muscle.

This blood must be healthy or your resistance to disease and fatigue will be lowered, you will lose weight, and both body and mind will have less vigor.

For building up blood weakened by overwork, illness or other causes, Gude's Pepto-Mangan, for years prescribed by physicians, is now generally known as a prompt and harmless tonic.

Gude's Pepto-Mangan soon produces marked beneficial results. The tired, worn-out, run-down feeling disappears. And in its stead a vigorous wholesomeness and happiness proves that the blood has been supplied with the sorely needed richness to supply the entire system with renewed strength.

When you buy Pepto-Mangan at your druggists, be sure the name "Gude's" is on the package. You can get it in either liquid or tablet form. If the name "Gude's" is not on the package it is not Pepto-Mangan. —Advertisement.

Indiana Lady Had Something Like
Indigestion Until She Took
Black-Draught, Then
Got All Right.

Beymour, Ind.—"Some time ago I had a sick spell, something like indigestion," writes Mrs. Clara Peacock, of Route 6, this place. "I would get very sick at the stomach, and spit or vomit, especially in the mornings."

"Then I began the use of Theodor's Black-Draught, after I had tried other medicines. The Black-Draught relieved me more than anything that I took, and I got all right."

"I haven't found anything better than Black-Draught when suffering from trouble caused by constipation. It is easy and sure. Can be taken in small doses or large as the case calls for."

When you have sick stomach, indigestion, headache, constipation, or other disagreeable symptoms, take Black-Draught to help keep your system free from poison.

Theodor's Black-Draught is made from purely vegetable ingredients, acts in a gentle, natural way, and has no bad after-effects. It may be safely taken by young or old.

New York Letter

by Lucy Jeanne Price

New York. — "Torn Asunder at the Altar" — it sounds like a play at the Fourteenth street theater. But it's just plain life for Joseph Gousha and his bride, Dawn Powell Gousha. Nor is it cruel parents or the heartless law which has driven them to opposite ends of Greater New York. (And Greater New York's opposite ends are very far apart indeed.) It's the housing situation. Dawn and Joseph, both being under thirty, and poets into the bargain, never thought of such material matters as housing situations when they tripped around to The Little Church Around the Corner and were made man and wife. But it was forced to their attention immediately after. Ever since that ten minutes' immediate after they had both said, "I do," they have been looking for an apartment. But Joseph is still living with his sister, at 504 81st street, Brooklyn, and Dawn is continuing to keep house with a girl companion at 569 West End avenue, Manhattan. "I don't like this Fannie Hurst plan," she declares. "We want to eat breakfast together every morning. But neither of us can ride eight miles on the subway to breakfast."

The establishment of a \$250,000 art center for co-operative exhibition galleries has been assured with the purchase by some art enthusiasts of a four-story dwelling in East 56th street. Charles Dana Gibson, Mrs. Ripley Hitchcock, Emily V. Hammond, Case Gilbert, president of the National Institute of Arts and Letters, and other prominent men and women are backing the enterprise and at a recent dinner subscribed to \$40,000 worth of bonds for it. The building is in the uptown studio district, with a majority of the leading art stores within a stone's throw. This is the neighborhood which has been the haven within the last few years of the hard-working art group which found too little work and too much temperament in Greenwich village.

Flo Zeigfeld has decided that it is selfish to keep his "Midnight Frolic" for New York alone. Consequently, for the first time in the history of that institution, he is starting a road company out to take its gaiety through the nation. For ten years, this midnight show has helped New York and its visitors spend the dull hours between 12 and 3 a. m., and so well did the "visitors" take to this lengthening of the day, that it has been decided it would pay in their own home towns.

Some time ago, various cynics stated their disbelief in the slogan of "honor among thieves." But now, it seems there isn't even mercy shown them by each other. Not even camaraderie. Every Christmas eve, a "probation party" is held by the judges of Special Sessions Court, when they meet an inmate through granting complete freedom, the probationary episode of those past offenders who have proven themselves worthy. On

this last such occasion, two men who had just been given that Christmas present stepped joyfully forth from the Criminal Court building, when two men sprang upon them, bootjacked them, and stripped them of what little money and possession they had. "The only place you're secure this winter is in jail," they explained to the Probation Officer as soon as they had come to and found themselves back in the friendly courtroom.

Sometimes assault and battery is almost justifiable, according to Magistrate Thomas J. Nolan. Harry Wolfe, 33 years old, was arraigned before him for having punched the face of Giovanni Blosi, bootblack parlor proprietor. Wolfe stated that he got a shine from Blosi and was charged 15 cents for it. "That disconcerted me," he explained. The magistrate gave him a suspended sentence "because the circumstances were extenuating."

People who love to trace "influences" and coincidences, are getting much satisfaction out of the fact that Samuel Untermyer's home is the famous Greystone-on-the-Hudson. The former master there was Samuel J. Tilden, who startled the country half

WHAT'S THE REASON?
Many Maysville People in Poor Health
Without Knowing the Cause.

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Dry after day they are racked with backache and headache; suffer from nervousness, dizziness, weakness, languor and depression. Perhaps the kidneys have fallen behind in their work of filtering the blood and that may be the root of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no more highly recommended remedy than Doan's Kidney Pills—endorsed by people all over the country and by your neighbors in Maysville. Ask your neighbor!

Mrs. M. Holliday, 221 W. Second St., Maysville, says: "At times, my back has become weak and lame and has ached across my kidneys. My kidneys have been irregular in action and I have had dizzy spells and headaches. I have always used Doan's Kidney Pills, getting them at Wood & Son's Drug Store, and they have never failed to relieve these complaints."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Holliday had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

a century ago by exposing the Tweed scandals. At Greystone, there gathered in those days, many of the leading men of the country to confer with Tilden during the exposure proceedings, among them a president of the United States. And now in the same palatial halls are gathering men high in industry and finance to confer with the man who is putting industrial and financial leaders on the rack in the investigations of the Lockwood Committee, of which our Untermyer is chief counsel.

What is going to happen to New York if it keeps on increasing its food consumption at such an alarming rate? What is going to happen to the flocks of girls who weep if the scales bring them up to 120 pounds? Prohibition is what has done it, say the statisticians. The restaurants of the city have increased 50 per cent, in number during the past few years, and the restaurateurs claim that the city has turned to eating as a diversion, now that a cup of coffee and a sandwich offer the only excuse for sitting about a table and talking about the show or the day's work or romance. Certain it is that the all-night and late-at-night places are as filled as they ever were on the same late hours. And pretty substantial food is being disposed of in them, yes, even by the 115 pound flappers.

SUSPECTS LOSE GUN DUEL.

Grayson, Ky. — Three of four suspects cornered at Corey Hill by William Holbrook, marshal, and Bradley Buchert, deputy sheriff, raised the white flag after many shots were exchanged in a pistol duel. The fourth escaped. The men are held in connection with the robbery of Armstrong's drug store at Olive Hill.

Only five of the United States have no workmen's compensation laws. The trunks of living trees may be utilized at times in the place of sending and receiving antennae for radio apparatus. This will be of great benefit to aerial forest fire patrol companies in time of fires.

Mrs. Newell Mastin, who has been very low with typhoid fever at her home on Wood street, is improving rapidly.

The number of unemployed in New South Wales is between 15,000 and 20,000.

ABLE TO DO HER WORK

After Long Suffering Mrs. Siefert
Was Restored to Health by
Lydia E. Pinkham's Vegetable
Compound

Pottsville, Pa.—"I suffered with female trouble for four or five years and was very irregular. I was not fit to do my work at times and took medicine from a doctor and got no benefit. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers and took it and got all right. I gained twenty pounds or more and am now able to do my work. I recommend the Vegetable Compound to my friends and you may use these facts as a testimonial." —Mrs. SALLIE SIEFERT, 313 W. Fourth Street, Pottsville, Pa.

The everyday life of many housewives is a continual struggle with weakness and pain. There is nothing more wearing than the ceaseless round of household duties and they become doubly hard when some female trouble makes every bone and muscle ache, and nerves all on edge.

If you are one of these women do not suffer for four or five years as Mrs. Siefert did, but profit by her experience and be restored to health by Lydia E. Pinkham's Vegetable Compound.

MANY FARMERS HEAR
LECTURES ON BETTER CATTLE

Despite the general unrest in the tobacco situation, there was a good sized crowd of farmers from the Mayslick neighborhood in attendance at the meeting held at the Mayslick High school building Friday night when experts from the state experiment station discussed the advisability of using only pure bred sires in the raising of cattle in Mason county.

315 COUPLES WED HERE
DURING 1920.

County Clerk James Owens issued 315 marriage licenses during the year 1920 a survey of the marriage bond books this morning disclosed. Of this total only 28 couples were colored and the other 277 couples were white. The great majority of the couples were married in the County Clerk's office either by County Judge Purnell or some local minister.
